

LC Climate Action and Sustainable Development	Development Group meeting #9: 24.04.23
Agenda item	Short description
Teaching and learning section	Notes
	The Executive summarised the suggested amendments to the teaching and learning section based on the feedback from the last meeting, and deliberated over the nature of action in the specification, how the learning space is described and the affective dimension of learning in Climate Action & Sustainable Development.
Continued work on the strands/learning outcomes	DG members worked in small groups looking at the draft learning outcomes in Strand 3. They suggested revisions and discussed these in the plenary.
Next steps	The chair reflected on the work of the meeting and thanked the members for their attendance and contributions. Next Meeting: Friday, 26 th May 2023.
