Junior Cycle

- Consultation on [Guidelines for Wellbeing in Junior Cycle](#) is open until the end of June. Read the consultation document to find out more.
- Consultation on [Reporting in Junior Cycle](#) is now closed. Guidelines are due to be published in September.
- Read about how we are [consulting with young people](#) about developments in junior cycle.
- Check out examples of [oral communication and students' written work](#) for junior cycle English.

Junior cycle

Assessment

A folder of support material on assessment in junior cycle, called [Focus on](#)

Primary

Language

Explore the [four key components](#) of the Primary Language Curriculum and

Early childhood

Transitions

Helping children to make the move from pre-school to primary school? Take a look

[Learning](#), has been distributed to schools and is now available on our junior cycle site.

Partnerships

CO-LAB

NCCA has joined with other European partners in the [Collaborative Education Lab](#) project and is working with schools, teachers, teacher-educators and policy-makers on collaborative teaching and learning using digital portfolios as a collaborative tool.

watch a [short video](#) outlining the rationale and the implementation process.

Primary

Developments

Check out the updated [FAQ](#) and a new [interactive poster](#) outlining the process of transferring Education Passports from primary to post-primary schools.

Wondering what's happening in the development of a curriculum for ERB and Ethics? Click [here](#).

at Element 4 of the [Supporting Transitions Self Evaluation](#) tool in the Aistear Siolta practice guide

Early childhood/primary

Maths

Listen to [Professor Douglas Clements](#) as he talks about helping young children to learn high quality maths through high quality play. Professor Clements is a Kennedy Endowed Chair in Early Childhood Learning at the University of Denver and has been published widely on the learning and teaching of early maths.
